

NorGeoSpec Technical Seminar 2016

Date: June 07th 2016

Place: Trondheim, Norway

We have pleasure in inviting you to the NorGeoSpec-Technical Seminar 2016 in June this year. The 2016 Technical Seminar is being held in Trondheim Norway. This time the seminar consists of two sessions. Session one deals with topics regarding news of the NorGeoSpec system. Session two will be organized together with the Norwegian IGS chapter (INTERNATIONAL GEOSYNTHETICS SOCIETY)

and deals with topics regarding "Reinforcement of road pavements in Nordic Countries."

The seminar will be a forum for the different parties to meet and exchange information, experience and views, evaluation and discussion.
